- **Compact size fits on your desk (127 x 330 mm)**

Scans directly to PDF!

Xerox DocuMate 250

The Xerox DocuMate 250 Scanner is a compact and effective hi-speed scanner perfect for workgroups and other decentralised scanning applications. Xerox offers this model at a price that enables businesses to achieve high levels of productivity by distributing fast cost-effective scanners throughout the organisation.

The DocuMate 250 has a 50-page+ Automatic Document Feeder that scans 22 pages per minute (22* ppm). It features 600x1200 dpi optical resolution, 48-bit colour, Hi-Speed USB 2.0 interface and scans everything from cheques and photos up to legal-sized documents. It also features one of the smallest footprints available of any ADF scanner on the market.

The DocuMate 250 includes TWAIN and Certified ISIS® Drivers plus the following software.

Kofax VRS VirtualReScan®

Kofax' VirtualReScan is an award winning, patented technology that automatically ensures the best possible image quality and OCR accuracy for scanned document images. As quickly as pages pass through the scanner, VRS performs a multi-point inspection of each document. VRS instantly checks and adjusts for alignment (skew), brightness, contrast, and image clarity. Any inconsistencies are immediately corrected by VRS so that only the straightest, most readable images are moved into your application.
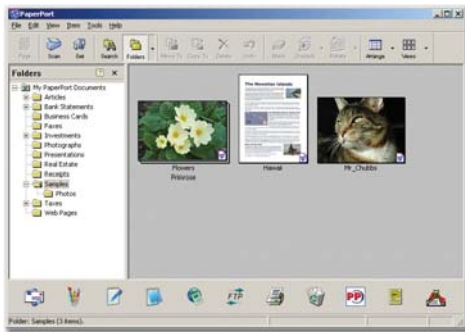

QuickScan — Pixel Translations ISIS

QuickScan is a standalone, out-of-the-box imaging solution that provides all the necessary capabilities for high-speed ISIS® based scanning, image enhancement, viewing, annotation, and printing of images for both black-and-white and colour pages. Developed by Pixel Translations, the creators of ISIS, QuickScan's strengths include features such as batch scanning, PDF support, image manipulation, multipage support, and more.

ScanSoft PaperPort Pro 9 Office
The easiest way to organise,
find and share all your paper,
PDF and digital documents.

PaperPort PRO 9 OFFICE

PaperPort Pro 9 Office is the easiest way to turn volumes of paper or photos into organised digital files that you can quickly find, use and share. Stop wasting time looking for paper documents scattered around your home and office.

Scan-to-PDF

PaperPort's native support for the standard PDF format brings you the power to scan, annotate and email documents and photos in a format that ensures everyone can view and print them on any computer.

Easily Send Files to a Printer, Email or other Application

A simple drag and drop to PaperPort's Send To bar eliminates many processing steps. Instantly print your image, add as an email attachment, convert to a Word file or send to any other text, print or imaging application.

Scan to Network Drives

Adding new destinations to the PaperPort folder list allows scanning direct to the desired location. Scan straight to your My Documents folder or to a network drive.

Create PDFs from PC Applications

PaperPort Pro Office supports one-click creation of PDF files from Microsoft Office documents, and supports Print-to-PDF using other Microsoft Windows applications, including Corel® and Autodesk®. A wide range of image formats can also be converted into PDF – including TIFF, MAX, JPG, BMP and GIF.

Find Information Fast

PaperPort can help you find any document or photo on your PC instantly. Just type in a word or phrase and PaperPort will bring up the correct document immediately.

Fill out Forms Quickly, Neatly

FormTyper® automatically recognises the fields on a scanned form. Simply tab and type in PaperPort to neatly fill in all the information. Print the filled in form and PaperPort automatically saves an electronic copy for your records.

TextBridge® PRO 9.0

Quickly turns scanned documents into editable, formatted text. You can use the text in virtually any word processing, desktop publishing, or web publishing program.

Certified ISIS Driver

The DocuMate 250 includes an ISIS driver certified by Pixel Translations to ensure that it functions properly with ISIS-compatible document imaging applications. There are 250+ commercially available ISIS applications and virtually all business document imaging applications will work with the DocuMate 250.

DocuMate 250 Product Specifications

Optical Resolution	600 x 1200 dpi
Scanner Bit Depth (colour)	48-bit internal (16-bit A/D converter recognises over 281 trillion colours)
Scanner Bit Depth (greyscale)	16-bit internal (65,536 shades of grey)
Output Bit Depth	24-bit colour, 8-bit greyscale, 1-bit black & white
