XEROX®

DocuMate® 752

Fast & Versatile
Production
at 100* scanning IPM

The Xerox® DocuMate® 752 Document Scanner

- • **50 pages per minute in simplex and 100 images per minute* in duplex**

- • **A3-size flatbed (11" x 17")**

- • **120 pages ADF capacity****

- • **Superior image quality with Kofax VRS software (Basic & Pro upgrade)**

- • **Convert documents into PDF files that can be scanned to network drives for sharing**

- • **Hi-Speed USB 2.0 interface (USB 1.1 compatible)**

- • **TWAIN and Certified ISIS drivers**

- • **Duty Cycle – 8500 pages/day**

Scans directly to searchable PDF!

*Up to 100 ipm at 200 dpi, black & white
** 16# paper

Xerox DocuMate 752

The Xerox DocuMate 752 is a production flatbed scanner with 120-page capacity ADF, scans documents at 50 ppm and 100 ipm through Hi-Speed USB 2.0. The Xerox DocuMate 752 brings low-volume production scanning to any organization at the right price with high quality. Software bundle includes Kofax VRS, and ScanSoft OmniPage. The use of low-volume production scanners for regulatory compliance is sharply on the rise, the Xerox DocuMate 752 makes compliance easy for any scanning operator. With its A3-size flatbed, previously too large documents are not a problem. The ADF allows scanning of documents landscape or portrait.

Vertical Market Solutions

New regulatory compliance requirements have dramatically increased the need for companies to implement secure and reliable records management and document capture solutions. Low-volume production scanners are ideal for document management in small to mid-volume applications and may also be used to complement higher volume products in distributed scanning settings.

Document capture solutions have become essential to meet the everyday document imaging needs of businesses in the finance, insurance, healthcare, transportation and education markets. Many healthcare providers today have developed complicated workaround solutions to manage paper records and cope with inadequate or limiting technology. However, the DocuMate 752 can offer a better solution when integrated with today's leading medical records and workflow software applications for the healthcare industry.

Likewise, law offices, courts, clients and administrators handle and manage substantial quantities of paper. An attorney's billable hours may be his stock and trade, but signature on paper is the medium of much of our legal system. Documents are the substance of communication, reference, negotiation and execution of contracts, laws and evidence. Fast, reliable and cost-efficient document imaging solutions, like the DocuMate 752, provide almost immediate ROI when implemented in legal offices.

Robust Features & Connectivity

The DocuMate 752's powerful software, robust functionally and hardware specifications delivers the speed and quality for production scanning. The DocuMate 752, file format flexibility including text-searchable PDF.

The bundled Kofax VRS software provides such capabilities as autoexposure and wide angle de-skew. VRS also helps improve the accuracy of recognition software, thereby reducing the need for manual correction of intelligent character recognition and OCR results.

The DocuMate 752 also features:
- • 600 dpi optical resolution
- • 48-bit internal color
- • Hi-Speed USB 2.0 interface

The ADF handles everything from 4" x 4.5" documents up to A3 (11" x 17"). The flatbed of course can accommodate all sizes up to A3 including books, delicate originals and multiple pieces of paper.

DocuMate® 752

Scan to Text-Searchable PDF

Transform volumes of paper or photos into organized digital files that you can quickly find, use, and share. In PDF format, you can instantly search documents for keywords or phrases. This gives them additional archival benefits beyond traditional storage, and the widely accepted PDF format lets everyone view and print documents – on any computer.

Superior Image Quality and OCR Accuracy

Get superior results with Kofax VirtualReScan (VRS), an award winning, patented technology that automatically ensures the best possible image quality and OCR accuracy for scanned document images. As pages pass through the scanner, VRS performs a multipoint inspection of each document, instantly checking and adjusting alignment (skew), brightness, contrast, and image clarity.

Software That Gets the Job Done

The DocuMate 752's robust software suite includes:

- Kofax VRS
- ScanSoft OmniPage Pro
- TWAIN and certified ISIS Drivers

DocuMate 752 Product Specifications Model # XDM7525D–WU

Scan Speed	
Black & White, 200 dpi	Up to 50 ppm simplex / 100 ipm duplex
Optical Resolution	600 dpi
Scanner Bit Depth (color)	48-bit internal (16-bit A/D converter recognizes over 281 trillion colors)
Scanner Bit Depth (grayscale)	16-bit internal (65,536 shades of gray)
Output Bit Depth	24-bit color, 8-bit grayscale, 1-bit black & white
Scan Method	Fast Duplex ADF
Interface	Hi-Speed USB 2.0 (USB 1.1 compatible)
Dimensions	26.37"(w) x 20.23"(d) x 9.8"(h)
Weight	43.4 lbs.
ADF Maximum Document Size	11.7" x 17"
ADF Minimum Document Size	4" x 4.5"
ADF Capacity	120 sheets (16 lb. paper)
Duty Cycle	8,500 pages/day

Minimum System Requirements

- Pentium® III or equivalent processor
- Windows® 2000*/XP**
- 512MB RAM for Windows XP
- 200MB available hard disk space
- CD-ROM drive
- USB port
  (**Service Pack 2, *Service Pack 4)

Contents

- DocuMate 752 Scanner
- Power Supply
- USB 2.0 Cable
- Quick Install Card
- Technical Support Card
- User's Manual
- CD-ROM including:
  – Kofax VRS
  – ScanSoft OmniPage Pro
  – Scanner Drivers
    (TWAIN, WIA and Certified ISIS Driver)
  – Visioneer OneTouch 4.0
