# Bookeye®

A2 Overhead Scanners

High quality production systems

Bookeye® GS400 N2
Bookeye® Color N2

Bookeye® GS400 R2
Bookeye® Color R2

With its **Bookeye®** overhead scanners, ImageWare Components established in 1995 is amongst the leading suppliers in the field of scanning historic books, valuable manuscripts, stapled documents, color maps, newspapers and drawings without causing damage to the originals.

Requests from libraries and archives, service providers, industry and authorities are all incorporated into further development of the solutions due to close and intensive contact with customers. In both development and production, ImageWare Components builds on traditional, high-quality technologies and experience "Quality Made in Germany".

COVERGOLD

39 TENTER ROAD, MOULTON PARK,

BOOKEYE® SCANNERS

The furniture designed specially for Bookeye® combines elegance and modernity with ergonomic requirements on the scanning workstation. Sensibly integrated lockable compartments and storage areas enable the PC, keyboard and cables to be hidden securely from view. Mando furniture fits in harmoniously with existing fixtures and fittings. In addition to use in public facilities it has proven itself time and again in the self-service sector.

Mando furniture with Bookeye® N2
