A VERSATILE SCANNER FOR EVERY WORKSPACE

EPSON
GT-S50 SERIES

- Capture any paper document at a touch of a button
- High capacity 75 A4-page ADF
- Dual CCD
- 600 dpi optical resolution
- Fast, high-quality scanning up to 25 ppm/50 ipm
- Scan instantly and save energy with Epson ReadyScan LED technology
- Versatile paper loading capacity: work with everything from business cards and embossed cards to thin paper
- 2-line LCD with Scan-to-Job naming for easy one-touch scanning

The Epson GT-S50 Series is designed for hassle-free scanning of any paper documents whether thin, thick or embossed media. They are ideal for any office which requires a versatile and small footprint device for cost-effective document scanning, without compromising on ease of use.

Advanced features, small footprint
Ideal for scanning mixed documents together, the Epson GT-S50 Series offers a scanning speed up to 25 ppm and 50 ipm in mono, grayscale and colour modes.

Ease of use
You can read and select your own registered Scan-to-Job function on the 2-line LCD panel, avoiding misrouting issues often encountered when using products with a 1-digit display.

Flexibility and full integration
From thin paper invoices to business cards and embossed cards, the Epson GT-S50 Series can scan mixed documents using auto-size and colour detection. And with advanced Twain and ISIS driver support, getting set up is quick and easy. The Epson Event Manager solution, included as standard, gives you the flexibility to capture, convert, distribute and store document information in virtually any electronic document management system at a touch of a button.

Advanced document imaging functions
EpsonScan 3.6, included as standard, offers advanced functions such as searchable PDF, Text Enhancement, RGB dropout, Auto De-Skew and much more to increase operational efficiency.

Save time and energy
With ReadyScan LED technology you'll benefit from instant scanning and save energy with no warm-up time.

EPSON®
EXCEED YOUR VISION

PRODUCT DIMENSIONS AND SPECIFICATIONS

SCANNER TYPE Photoelectric device Light source Light source benefit Optical resolution Pixel depth	A4 Sheetfed colour document scanner DUAL 3-line CCD (R,G,B) ReadyScan LED technology No warm-up time, energy saving 600 dpi Greyscale: 256 levels, Colour: 24-bit
SCANNING SPEED A4 200 dpi B/W, greyscale and colour	25 pages per minute / 50 images per minute
AUTO DOCUMENT FEEDER Paper setting capacity Type Paper supply Document size Corresponding paper weight Minimum document size Maximum document size Daily duty cycle	75 sheets (75 g/m²) Sheet through, 1 pass duplex scanning Face down load A4, A5, A6, B5, letter and custom sizes From thin paper (50 g/m²) to ID card, business cards and embossed card up to 1.5 mm Width: 54 mm; Length: 73.4 mm Width: 216 mm; Length: 914 mm 1200 pages
PANEL FUNCTIONS	2-Line LCD to display up to 10 meaningful 'Scan-to-Job' names Up, Down, Start and Cancel buttons One-touch operation for direct scan to file, email, printers, FTP folder, Microsoft SharePoint; any desktop or server application that supports paper capture function
