## i1200 Plus Series i1300 Plus Series Scanners

### Meet all your scanning needs with easy-to-use scanners that fit just about anywhere

The NEW **Kodak** i1200 Plus Series Scanners for workgroup and i1300 Plus Series Scanners for departmental use, deliver an outstanding level of capability and affordability in their respective categories. This is a breakthrough performance, with ease of use, versatility and image quality that sets a new benchmark.

The scanners auto-feed almost anything at speeds up to 45 pages (i1200 Plus) or 60 pages (i1300 Plus) per minute from business cards to 86,3 cm long, from onion-skin to postcards. The scanners are available in simplex and duplex versions for diverse business applications. The wide ranges of output options include searchable PDF files for easy information access.

### The flexibility you're looking for - no matter what the job is

Kodak's Smart Touch feature simplifies scan settings and job destinations. With the touch of a button, scan to:

- **Microsoft** SharePoint
- File and Storage
- E-mail
- Printers
- Desktop applications supporting TIFF, JPEG, RTF, BMP, PDF and searchable PDF

Ideal for use in office environments where performance and reliability counts, the ergonomically designed **Kodak** i1200 Plus and i1300 Plus Series Scanners feature a unique tilt-and-scan design which allows you to choose the best physical position based on your scanning needs.

- Flat with trays extended for higher-volume batch scanning
- Upright with the input tray folded down for ad hoc and transaction scanning

Optional "tethered" flatbed accessories in A3 and A4 sizes provide more convenience and flexibility when scanning books or bound documents.

- DIN-A3 with at up to 600 dpi optical resolution.
- DIN-A4 with up to 1200 dpi optical resolution.

### Get exceptional image quality

600 dpi optical resolution for razor-sharp images and Perfect Page Image Processing for outstanding image quality that's virtually automatic. No need for rescans!

The 3D ultrasonic multi-feed detection and the high performance aluminium paper path means reliability second to none.

### NEW best-in-class Warranty

- The scanners come with a 3 years Warranty with Advanced Unit Replacement (AUR) in one business day with no extra costs.\*
