i2400M Scanner

Tame your to-do list

Add a Smart Touch to your office.

Take a moment to think about those multiple-step scanning operations that are done again and again, day after day. Scanning, editing, naming, choosing a file format – it's so repetitive. Now imagine the time and money you could save by doing all that at the press of a button. That's what Kodak's Smart Touch functionality is all about.

The Kodak i2400M Scanner with built-in Smart Touch functionality lets you capture, manage, process, and deliver PDFs and other file formats – automating processes that previously were time-consuming.

Support your business process by scanning and sending documents such as purchase orders, invoices, applications, checks and many more at a touch of a button directly to a predefined application. SmartTouch supports a variety of destinations, including Microsoft Word, SharePoint, Folders, Email or Print – no training or programming required. Make your work easier, faster, and smarter with Kodak's Smart Touch functionality.

Works on both Windows and Mac operating systems.

More ways to get business done.

More productivity, more imaging power – Dual LED illumination gets you started faster by eliminating lamp warmup time to provide immediate response, plus image clarity, consistency, and colour stability.

More versatility – Our extendable, self-storing output tray and flexible paper handling will take care of just about anything you want to scan – small documents or large, thick or thin, ID cards, even embossed hard cards.

More reliability – The highly reliable 50-sheet feeder and integrated paper tray make it easy to get scanning done.

More possibilities – Conveniently scan exception documents with the optional Kodak A4 Flatbed Accessory, which connects or detaches in seconds via USB connectivity.

More peace of mind – Our three-year limited warranty supports the Kodak commitment to quality and value.
