

FAST FACT SHEET

ABBYY®

PDF Transformer™ Pro 2.0

NEW

Powerful PDF Conversion and Creation Made Easy!

The shortest route between PDF files and Office documents

ABBYY PDF Transformer 2.0 Pro is a versatile application for **two-way conversion** between PDF and MS Office files. **Convert PDF files** of many types and complexities into MS Word or other Office formats. An intuitive "viewer" style interface allows you to choose the level of control over the process and influence the conversion results. **Create searchable PDFs** directly from within MS Office applications or out of existing data files. With the easy to understand wizard you receive the results in no time at all!

Key Features and Benefits

- PDF Conversion and Creation** – a single product for working with PDF files in two ways:
 - ✓ **Conversion** of PDFs **to** MS Office files
 - ✓ **Creation** of PDF files **from** MS Office files
- Viewer-style interface with PDF file preview** – easily view PDF thumbnails, select pages for processing, or choose layout options. Use practical tools to improve the recognition results if necessary.
- Easy creation of searchable PDF files** – the only program in its class that converts scanned Image Only PDFs to searchable PDFs with a single mouse-click from Windows Explorer.
- Recognition of internal PDF links and hyperlinks** – internal PDF page links, Web, and email addresses are captured and recreated when converting PDF files into editable formats.
- Document integrity and accuracy** – work with PDF files of various complexities and formats – such as tables, columns, etc. – while maintaining the content and layout of the original.
- Variety of output formats** – transforms PDF files into the preferred format (Microsoft Word, Excel, HTML, TXT, email attachment, or searchable PDF).
- Conversion of ALL types of PDF files** – whether or not they were created on a PC, contain special encoded fonts or formatting, or are Image Only PDF files produced from scanners.
- PDF security support** – supports password and security settings for PDF **conversion and creation**.

USPs

- Powerful application with easy-to-use interface** – fast deployment in a visual environment.
- Scanner created Image Only PDFs to Searchable PDFs** – with one mouse click.
- Intelligent PDF Processing** – selects the best way to convert PDF images for high accuracy.
- Competitive price point** – offers powerful functionality at a reasonable price.
- Free technical support for registered users** – via local dial-in number.
- Free Try & Buy version** – for testing full functionality.

Target Groups

- Legal firms, insurance and financial advisors** working with contracts and other legal agreements.
- Sales departments** sending business proposals and offers to their customers via email.
- Government and public sector offices** storing documents in searchable archives.
- Office and task specialists** working with a variety of documents, letters, etc.
- Consultants in marketing, translation, management** repurposing documents and text.
- Educational institutions, students and libraries** creating archive files, performing research, etc.
- Home offices and private users** processing info received via email, downloaded from Web, etc.

Press Awards and Quotations:

PDF Transformer version 1.0 received wide press acclaim, including:

PC Answers, 11/2004, UK – "If you have lots of PDFs that you need to get inside of in order to edit them then you need PDF Transformer as it does its job superbly"
