

KODAK s1220 Photo Scanning System

From the people who know Photography

Opportunity

- Industry Estimates 4-5 Trillion Photos Worldwide
- These Photos:
 - Cannot be shared electronically
 - Are probably not backed up
 - Are valuable (even priceless) to owners
- Today,
 - Digitizing of photos is done via flatbed scanners (if at all)
 - Slow process
 - Labor intensive

Introducing the Kodak s1220 Photo Scanning System

Easy-to-use, compact and versatile desktop system designed for fast & efficient photo print scanning.

Reliably deliver photographs quickly and easily, wherever they're needed.

Kodak s1220 Photo Scanning System
