ScanSnap S1100

S1100

1 Sheet

600 dpi

Simplex
7.5 seconds per page

ES ON BOTH WINDOWS AND MAC OS OPERATING SYSTEMS • OPERATES ON BOT

TEMS

Compact, easy to use "one touch" scanning!

Easily digitizes your documents!
Perfect for home or office use!
A must have for the paperless era!
Make your paper documents more mobile!

One of the smallest mobile A4 scanners in the world

The ScanSnap S1100 document scanner pushes the limits of size for extreme portability while delivering smooth A4 size document scanning¹. All you need is your laptop and one USB cable to scan and share your documents anywhere, anytime.

The S1100 delivers a snappy 7.5 seconds/page (approximately 8 ppm) scanning speed for color A4 documents at resolutions up to 300 dpi.²

¹ When using an optional carrier sheet it is possible to scan even A3 size documents and stitch the front and back side of the folded document together.

² The time for scanning was measured from the time a page first enters to the time it fully exits the scanner.

Scans plastic cards and other various document types*

In addition to standard paper types, the S1100 can scan plastic cards like the ones used for membership IDs.

*Card type ISO 7810, ID-1 format = 86 x 54 mm (supports embossed cards)

Continuous Document Feeding (CDF Function)

Even though the S1100 is one of the world's smallest document-feed scanners, you can smoothly scan multiple page documents with remarkable speed. The Continuous Document Feeding function allows you to insert pages one after another without any extra button pressing by detecting when a sheet enters and exits the S1100.

Scanning a two-sided document using the CDF Function

1 Insert the page face up and press the Scan button. **2** The S1100 proceeds to scan the front side. **3** The page exits facing front side down. **4** Reinsert the page without pressing the Scan button. **5** The page is scanned. Press the Scan button to end the scanning process and create the PDF image file.

Seamless linking to Cloud services

The S1100 comes with a linking function to popular Cloud services including: Evernote¹, SugarSync and Salesforce CRM as well as linking to Salesforce Chatter. Now you can seamlessly access your scanned image data virtually anywhere, anytime, with ease!

¹ Evernote (Win/Mac) must be installed on the PC.

Two selectable paper paths

Switch the S1100's paper output guide to either the folded position for the straight path or the open position for the U-turn path to best suit the document you want to scan.

- Straight path
- U-turn path

Generates Microsoft® Word, Excel and PowerPoint® Files

- Scan editable image data directly to Microsoft® Word, Excel and PowerPoint® files

^{*}For Mac OS, Scanning to Microsoft® Word and Excel are available.

^{**}Generated images and text may vary from the original.

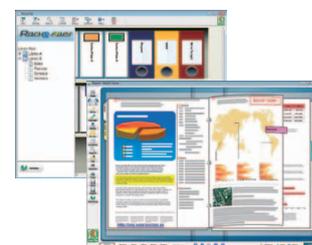

Top-class OCR Engine

Bundled

ABBYY FineReader for ScanSnap™ 4.1

ScanSnap S1100 Deluxe comes with Rack2-File V5.0

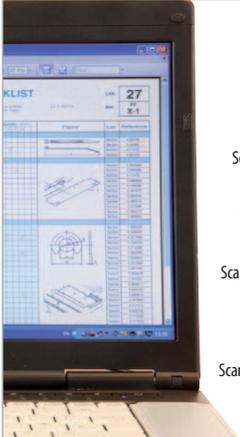

- Directly file and organize your digitized documents in virtual binders
- Realistic page flip interface with useful editing functions
- A powerful tool for uniformly managing image data produced by the S1100 and other devices

Fast and flexible application of scanned data with Quick Menu

After scanning is complete, the Quick Menu appears. Navigate through the Quick Menu's easy to use interface to smoothly send your digitized document to an application of your choice.

• Quick Menu for Windows® OS Users

• Quick Menu for Mac OS Users

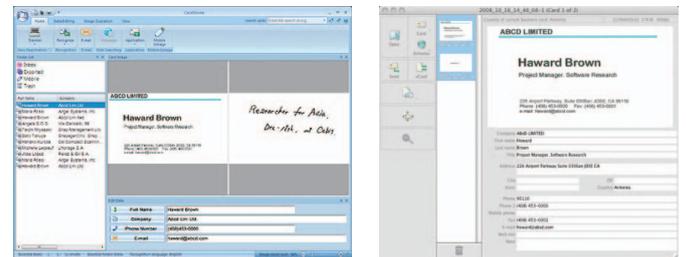

ScanSnap Manager

Bundled
For PC Users: **ScanSnap Manager V5.1 for Windows**
For Mac Users: **ScanSnap Manager V3.2 for MAC**

Efficiently organizes data from scanned business card

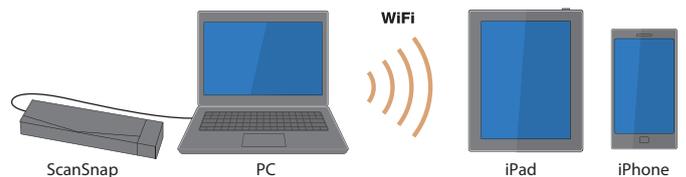

- Scan your collection of business cards into easy to navigate digital business card holders
- Import the data from your scanned business cards into Excel, Outlook, Address Book, Salesforce and other database programs for fast referencing and application

Business card scanning software

Bundled
For PC Users: **CardMinder™ V4.1**
For Mac Users: **Cardiris™ 4.0 for ScanSnap**

Scan documents to your iPhone® or iPad®

- Upload your documents fast, securely and easily
- View on screen via the downloadable ScanSnap Connect Application which is available for free from the Apple App store
- Instantly display and share

* The ScanSnap connected PC must be running Windows® 2000 Professional or later.
 * This application must be installed on iPad®/iPhone® devices running iOS 4.2.1 or later.
 * Only one iPad®/iPhone® device at a time can sync to the ScanSnap connected PC.
 * Visit the ScanSnap product homepage for other requirements for this feature.

ScanSnap S1100 Specifications

Product name		ScanSnap S1100
Scanner type		CDF (Continuous Document Feeding), simplex sheetfed two way paper pass (Straight path, U turned path)
Scanning modes		Colour, grayscale, monochrome, automatic (colour / grayscale / monochrome detection)
Image sensor		CIS (Contact Image Sensor) x 1
Light source		3 Colour LED (Red/Green/Blue)
Optical resolution		600 dpi
Scanning speed¹ (A4 portrait)	USB bus powered	7.5 seconds per page (Auto mode (default) ²), Normal mode (150 dpi), Better mode (200 dpi), Best mode (300 dpi) 35 seconds per page Excellent mode (600 dpi)
Document size	Normal mode	A4, A5, A6, B5, B6, Business card, Post card, Letter, Legal and Custom sizes (Max : 216 x 360 mm / Min : 25.4 x 25.4 mm) / Automatically recognises document size
	Normal mode with Carrier sheet Long paper scanning ³	Use of a carrier sheet permits the scanning of A3, B4, double letter and photographs as well as the document sizes that are listed above Max: 216 x 863 mm (300 dpi or less)
Paper weight (Thickness)		52 to 209 g/m ² , or 14 to 56 lb (Straight path) / 52 to 80 g/m ² , or 14 to 20 lb (U turned path) Card can be used. (portrait/landscape), Non-Embossed : 0.76 mm or Less, Embossed : 0.76 + 0.48 mm (ISO7810 conforming)
Paper setting		Front side up
Interface⁴		USB 2.0 (USB 1.1 compatible)
Power requirement		5V / 0.5A (x 1 port)
Power consumption		During operation : 2.5W or less, During sleep mode : 1W or less, During power off: Less than 0.5W
Operation environment		Temperature: 5 to 35°C (41 to 95°F) / Relative humidity: 20 to 80% (Non-condensing)
Dimensions (W x D x H)⁵, Device weight		273 x 47.5 x 34 mm, 350g
Environmental compliance		ENERGY STAR [®] compliant / RoHS ⁶
Driver		ScanSnap specific driver, Windows: Does not support TWAIN / ISIS [™] , Mac OS : Does not support TWAIN

¹ Scanning speeds may vary due to the system environment used. Scanning Speed means the time from "Start feeding document" to "Finish output document" after pre-pick and pushing Scan button. In case of "From pushing Scan button", Warm-up time is added. Warm-up time: from Ready status: Less than 2 seconds From Chute Cover Closed Status: Less than 3 seconds.
² Documents measuring approximately 148 mm in length or less are scanned in "Best mode", while other documents are scanned in "Better mode".
³ The S1100 is capable of scanning documents that exceed A4 size in length. This function is available for all modes except Excellent mode.
⁴ PC with USB 3.0 works as USB 2.0 It is guaranteed only attached USB cable.
⁵ When the paper output guide is in the folded position.
⁶ PFI LIMITED, a Fujitsu company, has determined that this product meets RoHS requirements (2002/95/EC).
