Kodak
Scan Station 100

Across the hall. Across the country. Across the world. In just moments, share documents across your office network.

Scan to e-mail, to folders, to print, to portable USB drives, to searchable PDF – all with one product!

The **Kodak** Scan Station 100 does all this, and much more. This robust, reliable and compact unit is really a document sharing solution. It works within your existing office network and there's no need to purchase additional hardware or software.

Innovative and intuitive: a colour LCD touch screen makes it easy for anyone in your office to send documents to multiple network destinations, simultaneously.

Call it a walk-up command centre for managing your business documents. In fact, call it a revolution in ease of use and office productivity!

Profit from the productivity

For offices that need to efficiently handle many types of paperwork:

- Eliminate mailing, faxing and filing of paper
- Scan both sides of documents simultaneously
- Scan documents in colour, black-and-white or greyscale at speeds up to 50 images per minute
- Multi-task with amazing ease

Enjoy the exclusives

Benefits you can only get from Kodak:

- On-screen colour preview for real-time confirmation of image capture and transfer
- Exceptional image quality with Kodak's Perfect Page image processing
- Built-in USB portable drive connectivity for image storage and user configuration profiles
- Rotatable touch screen for ease of use and ergonomic operation
- Special Document Feeder for front-feed, front-return scanning of identification cards and other small or thick documents

Relax with KODAK Service & Support

Extend your 12 months warranty to a 36 months on-site service coverage including:

- Help Desk Support in local language
- Advisory help for hardware installation
- Parts, labour and travel costs
- Next business day response
- Support by a Kodak Service Specialist

Kodak Scan Station 100

Specifications
