Visioneer

Strobe™ XP 200

*Smart Scanners for Smart Offices*

The Compact Business Scanning Solution

- **Scan to PDF** - Scan documents straight to PDF files!
- **Fast** - Scan documents at under 10 seconds per page!
- **AutoLaunch™** - Insert document to start scan automatically!
- **Kofax VirtualReScan (VRS)*** - Best image quality and OCR accuracy!
- **TWAIN & ISIS Drivers*** - Connect with every imaging application!
- **Multilingual** - Operation and software in English, French, German and Spanish!

The Visioneer Strobe XP 200 is a fast way to a paperless office. With its slim and compact footprint, the Strobe XP 200 fits between your keyboard and monitor to scan images in 48-bit colour at up to 600 dpi and directly to PDF. Now you can quickly and easily store all your documents, photos, articles, brochures and business cards.

High Quality Scans

600 dpi optical resolution eliminates jagged edges and captures the finest detail from your original. 48-bit internal colour captures over 281 trillion colours, so you get brighter yellows, cooler blues and richer reds.

AutoLaunch Technology

With Visioneer's patented Paper-driven™ and AutoLaunch™ technologies, you can simply feed documents and images into the front of the scanner and the Strobe XP 200 automatically turns itself on, launches the PaperPort software and instantly places the document on the PaperPort Desktop ready for use.

ScanSoft PaperPort Deluxe 9.0

PaperPort DELUXE 9 The easiest way to turn volumes of paper or photos into organised digital files that you can quickly find, use and share. PaperPort's native support for the standard PDF format brings you the power to scan, annotate and email documents and photos in a format that ensures everyone can view and print them on any computer.

ScanSoft TextBridge Pro

TextBridge PRO 9.0 Quickly turns documents into editable, formatted text. You can use the text in virtually any word processing, desktop publishing, or web publishing program.

ArcSoft Photo Impression

ArcSoft photo Impression™ Edit, retouch, and enhance images simply and quickly. Apply special effects with point-n-click interface. Numerous templates for cards and calendars are included.

Now available with Kofax Virtual ReScan (VRS)

VRS is an award winning, patented technology that automatically ensures the best possible image quality providing enhanced OCR accuracy for scanned document images. As quickly as pages pass through the scanner, VRS performs a multi-point inspection of each document. VRS instantly checks and adjusts for alignment (skew), brightness, contrast, and image clarity. Any inconsistencies are immediately corrected by VRS so that only the straightest, most readable images are moved into your application.

Certified ISIS Driver - The Strobe VRS includes an ISIS driver certified by Pixel Translations to ensure that it functions properly with the over 250 ISIS-compatible document imaging applications.

The Strobe VRS is available as an upgrade to the standard Strobe XP 200:

Part Number: UK 90-7039-200 / Europe 90-7039-000
Barcode: UK 4711860703920 / Europe 4711860703906

*Available with VRS part number only.

Minimum System Requirements:	Product Specifications:	Output Bit Depth to PhotoExpress 3:	Dimensions: 5.08cm x 6.4cm x 28.45cm
• Pentium II 300 or equivalent processor	**Optical Resolution:** 600 dpi	48-bit colour, 16-bit greyscale, 1-bit black & white	**Weight:** 0.58kg
• Windows 98/2000/ME/XP	**Scanner Bit Depth (colour):** 48-bit internal (recognises over 281 trillion colours)	**Scan Method:** Fast Sheetfed	**Part Number:** UK 90-7037-200 / Europe 90-7037-000
• 64MB RAM (128MB RAM for Windows XP)	**Scanner Bit Depth (greyscale):** 16-bit internal (65,536 shades of grey)	**Interface:** USB	**Barcode:** UK 4711860703722 / Europe 4711860703708
• 200MB available hard disk space		**Scanner Driver:** TWAIN	
• CD-ROM drive, USB Port
